Cookies Policy

ELEM Biotech SL informs about the use of cookies on its website https://www.elem.bio/

Cookies definition

HTTP cookies are small blocks of data created by a web server while a user is browsing a website and placed on the user's computer or other device by the user's web browser.

Types of cookies used by ELEM

Depending on who is the owner that manages the domain from which the cookies are sent and treats the data obtained, two types are used:

- Own cookies which are sent to the user's computer and managed exclusively by ELEM for the better functioning of the website. The information collected is used to improve the quality of the service and experience of the users.
- Third-party cookies which are sent to the user's terminal equipment from a computer or domain that is not managed by ELEM, but by another entity that processes the data obtained through the cookies. These cookies may be used to improve the quality of service and user experience.

Cookie storage time

According to the length of time the cookies remain stored in the user's browser, ELEM uses:
- Session/temporary cookies: designed to collect and store data while the user accesses a web page. The information obtained through these cookies is used to analyze web traffic patterns and allows ELEM to provide a better experience to improve the content and facilitate its use. The information stored on the user's computer is deleted as soon as the user leaves our website or closes the browser.
- Persistent/permanent cookies: store information on the user's hard drive for the established time and stop working after this time. ELEM website reads this information every time the user visits https://www.elem.bio/. These cookies allow ELEM to offer information targeted to the user's own interests and use them mainly to facilitate the purchase and registration services.

Cookies Usage

- Technical or required Cookies are strictly necessary for the user to access and browse ELEM website.
- Analysis Cookies analyze the use of the website, to measure and improve performance.
- Personalization Cookies allow the user to access the service with some characteristics predefined according to a series of criteria in the user's terminal, such as the language, type of browser, regional configuration and UI/UX configuration.
- External social networks Cookies: users can interact with the content of different social platforms and are generated only for users of these social networks. The conditions of use of these cookies and the information collected is regulated by the privacy policy of each social platform.

ELEM website stores all the information collected through cookies in a non-personalized format (IP address). This type of information obtained through cookies will not be communicated to third parties or used for unsolicited communications.

Cookies management

Users can allow, block or delete the cookies installed by configuring the options of the browser installed on a computer. The cookie policy settings for browsers are as follows:
- Chrome: Settings -> Show advanced options -> Privacy -> Content settings.
- Internet Explorer: Tools -> Internet Options -> Privacy -> Settings.
- Mozilla Firefox: Tools -> Options -> Privacy -> History -> Custom Settings.
- Opera: Settings -> Privacy and security.
- Safari: Preferences -> Security.

For more information, you can consult your browser's support or help.

Acceptance of Cookies Policy

ELEM's Cookie Policy will be available at the bottom right of its website at each visit in order to make the user aware of this information. Users must give their prior and express consent for the installation of the cookies used on the website. By accepting the cookies used, the user will not see the notice again when accessing any page of the portal during the current session.

Non-acceptance of website cookies

It should be noted that if the user does not allow the installation of cookies in the browser may not be able to access some of the sections of ELEM website, or some of the functionality and/or services may not function properly.

Third-party Cookies management

Users can learn about the privacy conditions and use of cookies from third parties such as Google by accessing their cookie policies.

More information

For more information about cookies and users' rights, please visit the Guide on the use of cookies developed by the Spanish Data Protection Agency.
